

IT'S HOT CHOCOLATE WEATHER!!!

Midwinter is here and it is chilly! We hope you have all been keeping warm and making the most of the sun. Due to the shortened days we are closing early this month at 5pm with last entry through our attraction at 4:30pm.

We are delighted to welcome our lovely new husbandry manager, Kim Revelly to the team (pictured to the right with our female tuatara Ātaahua). Kim has moved over from Australia with her fiancé and her dog to be here with us. Kim has previously worked with a variety of reptiles, amphibians, birds and mammals throughout zoos in Queensland such as Currumbin Wildlife Sanctuary, Alma Park Zoo and Australia Zoo. She has worked with all sorts of crazy animals, including venomous snakes and crocodiles! So we have no doubt she will be amazing in her new position here at the Wildlife Centre. If you see her around be sure to give her a wave and a warm welcome to our wee little town!

We have a fantastic deal for the month of July with Glacier Helicopters. Book a 30-minute flight and you can then head on over to us for FREE ENTRY to see our rare rowi kiwi. What better way to explore the wild West Coast?

Check out Glacier Helicopters website:

General Admission Entry Only

Not valid with any other discount coupons
Maximum of two children per paying adult
Valid from Monday, 2nd July – Tuesday, 31st July 2018

Our two kiwi in the nocturnal house – Nijo and Side Salad, are growing up fast. At 6 months old, these two rowi are big and healthy birds, not to mention

extremely fluffy! They have been eating really well and enjoying foraging in the soil and leaf litter searching for bugs. Be sure to pay them a visit if you are in town and wish them luck for when they are released into the wild.
